## Setting up a Standing Order

The Thames Landscape Strategy is a not-for-profit organisation whose aim is to conserve, enhance and promote the river corridor between Weybridge, Hampton and Kew. Over the past ten years we have carried out over 280,000 volunteer hours of work and raised £20M to conserve the river corridor. This work is only possible because of the unique way that the Strategy is funded.

Our funding partners provide a proportion of the costs needed to support the day-to-day running of the small but dynamic office but each year we still have to raise an additional £50K of un-restricted funds simply to keep us going. Private donations and business contributions are needed to make up the shortfall. This funding is also used to unlock larger pots of money from external grant-giving trusts, making even small contributions go a long way, enabling the Thames Landscape Strategy to achieve its conservation goals. There are many ways in which you can donate to the Thames Landscape Strategy through our charity: The Father Thames Trust (through text message, Just Giving, one-off donation, creating a legacy or through a standing order). 100% of your donation will go to the TLS. If you would like to help support our work on an on-going basis simply fill out the form on the reverse of this paper.
